Working example · Can an employer be a platform or an aggregator?

The courier uses an app from one brand and signs a contract with an aggregator. For payment, time recording and complaints, they first verify the employer's details from the contract.

Specific next steps

1. Save the contract with the employer's full name and contact details.
2. Compare the contractual party with the billing and actual mode of operation.
3. If the identity cannot be established from the application, request written confirmation.

Limits of application

For platform work in Croatia, according to the contract and the actual working arrangements.
