Changing the model without loss of quality · What if the process gets stuck?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

When an important check fails, revert to the previous setting until you determine the cause.

When a plan meets an obstacle

Before the replacement, record the previous configuration and the basic set of tests.

Save the audit trails for key processes and the date the settings were changed.

Working example · Changing the model without loss of quality

Check the format, the quality of the Croatian language, the extracts and the cost for the same inputs.

Specific next steps

1. Before the replacement, record the previous configuration and the basic set of tests.
2. Save the audit trails for key processes and the date the settings were changed.
3. Record the repeatable upgrade procedure and the person responsible.

Limits of application

For the EDIH services available at the local centre and programme.
