Comparison of two AI suppliers in my own business · How to introduce the procedure into routine operations?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Make your decision based on quality, privacy, price, export and support.

Regular application

Save the model version, settings, inputs, time and the score of each output.

Evaluate whether the results are reproducible for exceptions and the Croatian language.

Working example · A comparison of two AI providers in your own work

Evaluate whether the results are reproducible for exceptions and the Croatian language.

Specific next steps

1. Save the model version, settings, inputs, time and the score of each output.
2. Evaluate whether the results are reproducible for exceptions and the Croatian language.
3. If tools provide different answers without sources, use verification of the actual document as a benchmark.

Limits of application

For the EDIH services available at the local centre and programme.
