How to publish a price list for a shop or services in CSV or XML?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Verified by an official source · Reviewed: 2026-11-19

Applicability: From 17 November 2026

For traders and prices covered by the regulations, the price list is published on its own website in a machine-readable CSV or XML format. When amended, the updated price list is published by 11 am on the day of amendment, and the previous version remains available for 15 days.

Specific next steps

1. Separate the goods form from the services form. Apply the field order from Article 3.

2. Align the file name, UTF-8 encoding, point-of-sale tags and auto-retrieval conditions in accordance with Articles 5 and 6.

3. Keep your current address to receive the valid price list and ensure access to the previous version in the archive.

Limits of application

Check the exceptions in Article 4 and the scope of transactions under the Act. The PDF may be provided as an additional view for reading. The prescribed format is CSV or XML.
