When a plan meets an obstacle

Add actual text headings, a clear order and alternatives for essential images.

Check the readability, text selection and description of the essential table.

Working example · A digital offer that is readable on a phone and with a screen reader

Open the PDF on your phone and try navigating the headings without a mouse.

Specific next steps

1. Add actual text headings, a clear order and alternatives for essential images.
2. Check the readability, text selection and description of the essential table.
3. Edit the source file template so that accessibility does not depend on subsequent fixes.

Limits of application

Apply the guideline to your documents and working methods.
