# Using AI to respond to customer reviews · How to integrate the process into your regular workflow?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

**Create three templates for each type of query, with clear instructions for when a human review is requested.**

## Regular application

Keep the actual order record and a sample response separate before publishing.

Check whether the public text reveals the identity, address or transaction details.

## Working example · Using AI to respond to customer reviews

Check whether the public text reveals the identity, address or transaction details.

## Specific next steps

1. Keep the actual order record and a sample response separate before publishing.
2. Check whether the public text reveals the identity, address or transaction details.
3. If there are claims about security or a serious objection, prepare your response manually and use the appropriate channel.

## Limits of application

Apply the guideline to your documents and working methods.
