Temporary code for entering the flat · What to do if the process gets stuck?

For: Private accommodation host

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

If it is forwarded to an unknown person, deactivate it and arrange secure access for the guest.

When a plan meets an obstacle

Use a new code for each confirmed booking and a specific time interval.

Record the code change and its expiry date, without a public list of valid codes.

Working example · Temporary code for entering the apartment

Practically test whether the code runs within the correct interval and whether it ceases to apply once it has finished.

Specific next steps

1. Use a new code for each confirmed booking and a specific time interval.
2. Record the code change and its expiry date, without a public list of valid codes.
3. Prepare an access method in case of a flat battery or a fault.

Limits of application

When personal data covered by the GDPR is processed.
