Sending a photo of your ID card via message · What to note?

For: Private accommodation host

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Record the purpose and scope of the data, the method of entry and the retention period for additional systems.

Record and working document

Check whether copies have also been created outside eVisitora, for example in messages or the gallery.

If you have received an unnecessary copy, protect the data and assess the justification for retaining it before sharing it further.

Working example · Sending a photo of an identity card via a message

Check whether copies have also been created outside eVisitora, for example in messages or the gallery.

Specific next steps

1. Check whether copies have also been created outside eVisitora, for example in messages or the gallery.
2. If you have received an unnecessary copy, protect the data and assess the justification for retaining it before sharing it further.
3. Advance guests to the secure channel and provide the necessary information.

Limits of application

When personal data covered by the GDPR is processed.
