Accurate description of the access for guests with reduced mobility · How to introduce the procedure into routine operations?

For: Private accommodation host

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

After adapting, refresh the description so that the guest can independently assess its suitability.

Regular application

Keep the measurable information and dated photographs of the access routes.

Check the entire route from the car park to the bathroom, including slopes and thresholds.

Working example · Accurate description of the approach for a guest with reduced mobility

Check the entire route from the car park to the bathroom, including slopes and thresholds.

Specific next steps

1. Keep the measurable information and dated photographs of the access routes.
2. Check the entire route from the car park to the bathroom, including slopes and thresholds.
3. If a detail has not been verified, state which data is available and provide an exact measurement.

Limits of application

When personal data covered by the GDPR is processed.
