Waiting during application login · How to integrate the process into routine operations?

For: Platform worker employed by a company

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Introduce a weekly check using your own summary and the employer's extract.

Regular application

Save the schedule and the relevant check-in and check-out views by day.

Check the waiting status against the actual availability obligation, instructions and contract.

Working example · Waiting during application login

Check the waiting status against the actual availability obligation, instructions and contract.

Specific next steps

1. Save the schedule and the relevant check-in and check-out views by day.
2. Check the waiting status against the actual availability obligation, instructions and contract.
3. When the records omit part of the time, ask for an explanation using the example of a single shift.

Limits of application

For a Croatian employment relationship, in accordance with applicable regulations and the contract.
