Waiting during application login · How to check this with an example?

For: Platform worker employed by a company

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Check the waiting status against the actual availability obligation, instructions and contract.

Checking by example

Record separately the agreed availability, the registration, the acceptance of the task and the actual execution.

Save the schedule and the relevant check-in and check-out views by day.

Working example · Waiting during application login

Keep a record of the schedule and the relevant sign-in and sign-out entries for each day. If the records omit any time, request an explanation using an example of a single shift.

Specific next steps

1. Record separately the agreed availability, the registration, the acceptance of the task and the actual execution.
2. Save the schedule and the relevant check-in and check-out views by day.
3. When the records omit part of the time, ask for an explanation using the example of a single shift.

Limits of application

For a Croatian employment relationship, in accordance with applicable regulations and the contract.
