Verification of work calculations for evening and night shifts · What to do when the process stalls?

For: Platform worker employed by a company

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

If an item is missing, please provide the dates, the amount and the exact time of execution.

When a plan meets an obstacle

Allocate hours that span a calendar day or a pay period.

Keep track of the rota, records of hours worked and items for payroll processing.

Working example · Verification of the calculation of work in evening and night shifts

Compare the agreed classification of hours and the displayed allowances by applicable source.

Specific next steps

1. Allocate hours that span a calendar day or a pay period.
2. Keep track of the rota, records of hours worked and items for payroll processing.
3. Give the accounting department an example where you expect a different calculation.

Limits of application

For a Croatian employment relationship, in accordance with applicable regulations and the contract.
