The difference between the official address and the location of the entrance · How to integrate the procedure into routine operations?

For: Private accommodation host

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

For any discrepancy in official documents, request confirmation of the correct information.

Regular application

Record the arrival conditions that are important to guests, including pedestrian access and a landmark.

Try the route from the navigation point to the entrance with someone who hasn't been inside the building.

Working example · The difference between the official address and the point of entry

Try the route from the navigation point to the entrance with someone who hasn't been inside the building.

Specific next steps

1. Record the arrival conditions that are important to guests, including pedestrian access and a landmark.
2. Try the route from the navigation point to the entrance with someone who hasn't been inside the building.
3. If the map leads to a different object, please report a correction and send the correct location once the booking is confirmed.

Limits of application

For household activities, by type of establishment, status and location.
