Comparing two AI providers in your own business · How to approach it?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Prepare the same anonymised tasks, quality criteria and total cost for both tools.

A starting point in practice

Save the model version, settings, inputs, time and the score of each output.

Evaluate whether the results are reproducible for exceptions and the Croatian language.

Working example · A comparison of two AI providers in your own work

Evaluate whether the results are reproducible for exceptions and the Croatian language.

Specific next steps

1. Save the model version, settings, inputs, time and the score of each output.
2. Evaluate whether the results are reproducible for exceptions and the Croatian language.
3. Make your decision based on quality, privacy, price, export and support.

Limits of application

For the EDIH services available at the local centre and programme.
