Deciding whether to automate the entire process · What to record?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Save the decisions on who approves and whether the result can be rolled back.

Record and working document

Compare full automation with a simple draft that a person approves.

If an error has significant consequences, retain manual verification and a fallback option.

Working example · Decision on whether to automate the entire process

Compare full automation with a simple draft that a person approves.

Specific next steps

1. Compare full automation with a simple draft that a person approves.
2. If an error has significant consequences, retain manual verification and a fallback option.
3. Only increase the volume after measuring on real-world cases.

Limits of application

For the EDIH services available at the local centre and programme.
