Deciding whether to automate the entire process · How to approach it?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Draw up the sub-tasks and indicate which are routine and which require an assessment.

A starting point in practice

Save the decisions on who approves and whether the result can be rolled back.

Compare full automation with a simple draft that a person approves.

Working example · Decision on whether to automate the entire process

Compare full automation with a simple draft that a person approves.

Specific next steps

1. Save the decisions on who approves and whether the result can be rolled back.
2. Compare full automation with a simple draft that a person approves.
3. Only increase the volume after measuring on real-world cases.

Limits of application

For the EDIH services available at the local centre and programme.
