# The decision on whether to automate the entire process · What if the process gets stuck?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

**If an error has significant consequences, retain manual verification and a fallback option.**

## When a plan meets an obstacle

Draw up the sub-tasks and indicate which are routine and which require an assessment.

Save the decisions on who approves and whether the result can be rolled back.

## Working example · Decision on whether to automate the entire process

Compare full automation with a simple draft that a person approves.

## Specific next steps

1. Draw up the sub-tasks and indicate which are routine and which require an assessment.
2. Save the decisions on who approves and whether the result can be rolled back.
3. Only increase the volume after measuring on real-world cases.

## Limits of application

For the EDIH services available at the local centre and programme.
