Changing the model without loss of quality · How to check this with an example?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Check the format, the quality of the Croatian language, the extracts and the cost for the same inputs.

Checking by example

Before the replacement, record the previous configuration and the basic set of tests.

Save the audit trails for key processes and the date the settings were changed.

Working example · Changing the model without loss of quality

Save side-by-side outputs for key processes and the date on which settings were changed. When an important check fails, revert to the previous setting until you determine the cause.

Specific next steps

1. Before the replacement, record the previous configuration and the basic set of tests.
2. Save the audit trails for key processes and the date the settings were changed.
3. When an important check fails, revert to the previous setting until you determine the cause.

Limits of application

For the EDIH services available at the local centre and programme.
