Testing processes with fictitious business documents · What should be recorded?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Indicate the expected outcome for each case and the test coverage.

Record and working document

Test incomplete entries, illegible items, different currencies and nonsensical attachments.

If the hypothetical examples do not cover actual exceptions, expand them without copying people's identities.

Working example · Testing the process with fictitious business documents

Test incomplete entries, illegible items, different currencies and nonsensical attachments.

Specific next steps

1. Test incomplete entries, illegible items, different currencies and nonsensical attachments.
2. If the hypothetical examples do not cover actual exceptions, expand them without copying people's identities.
3. Repeat the test after every major change to the rules or tools.

Limits of application

For the EDIH services available at the local centre and programme.
