Cost of AI processing per useful result · What to record?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Track repeated attempts and exceptions that require manual correction.

Record and working document

Compare the cost per fully processed case, separately for light and heavy tasks.

If the cost is too high, limit the input or transfer the simple task to a more reliable procedure.

Working example · Cost of AI processing per useful result

Compare the cost per fully processed case, separately for light and heavy tasks.

Specific next steps

1. Compare the cost per fully processed case, separately for light and heavy tasks.
2. If the cost is too high, limit the input or transfer the simple task to a more reliable procedure.
3. Set a cost threshold at which the team re-evaluates whether AI is necessary.

Limits of application

For the EDIH services available at the local centre and programme.
