Verification of conditions when equipment changes the purpose of a space · How to approach it?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Before procurement, establish the space requirements based on the actual activities and working methods.

A starting point in practice

Prepare the equipment specification, the floor plan and a description of the intended work.

Check whether the new equipment applies to existing conditions or triggers further verification.

Working example · Verification of conditions when equipment changes the purpose of a space

Check whether the new equipment applies to existing conditions or triggers further verification.

Specific next steps

1. Prepare the equipment specification, the floor plan and a description of the intended work.
2. Check whether the new equipment applies to existing conditions or triggers further verification.
3. Please include the relevant technical specifications and installation deadline in the order.

Limits of application

For procedures covered by the START system.
