Verification of conditions when equipment changes the purpose of a space · How to integrate the procedure into routine operations?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Please include the relevant technical specifications and installation deadline in the order.

Regular application

Prepare the equipment specification, the floor plan and a description of the intended work.

Check whether the new equipment applies to existing conditions or triggers further verification.

Working example · Verification of conditions when equipment changes the purpose of a space

Check whether the new equipment applies to existing conditions or triggers further verification.

Specific next steps

1. Prepare the equipment specification, the floor plan and a description of the intended work.
2. Check whether the new equipment applies to existing conditions or triggers further verification.
3. If special approvals are required, only plan the cost and schedule once they have been confirmed.

Limits of application

For procedures covered by the START system.
