Checking the conditions when equipment changes the purpose of a space · What if the procedure gets stuck?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

If special approvals are required, only plan the cost and schedule once they have been confirmed.

When a plan meets an obstacle

Before procurement, establish the space requirements based on the actual activities and working methods.

Prepare the equipment specification, the floor plan and a description of the intended work.

Working example · Verification of conditions when equipment changes the purpose of a space

Check whether the new equipment applies to existing conditions or triggers further verification.

Specific next steps

1. Before procurement, establish the space requirements based on the actual activities and working methods.
2. Prepare the equipment specification, the floor plan and a description of the intended work.
3. Please include the relevant technical specifications and installation deadline in the order.

Limits of application

For procedures covered by the START system.
