Verification of conditions when equipment changes the purpose of a space · How to verify this using an example?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Check whether the new equipment applies to existing conditions or triggers further verification.

Checking by example

Before procurement, establish the space requirements based on the actual activities and working methods.

Prepare the equipment specification, the floor plan and a description of the intended work.

Working example · Verification of conditions when equipment changes the purpose of a space

Prepare the equipment specification, floor plan and description of the proposed work. If any special approvals are required, plan the cost and schedule only after confirmation.

Specific next steps

1. Before procurement, establish the space requirements based on the actual activities and working methods.
2. Prepare the equipment specification, the floor plan and a description of the intended work.
3. If special approvals are required, only plan the cost and schedule once they have been confirmed.

Limits of application

For procedures covered by the START system.
