Testing the receipt of the first structured e-Invoice · What to note?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Save the original file, the exchange status and the link to the business obligation.

Record and working document

Compare amounts, tax items and identifiers when importing into the accounting system.

If only the visual attachment has arrived, check which channel the structured record was sent on.

Working example · Trial receipt of the first structured eInvoice

Compare amounts, tax items and identifiers when importing into the accounting system.

Specific next steps

1. Compare amounts, tax items and identifiers when importing into the accounting system.
2. If only the visual attachment has arrived, check which channel the structured record was sent on.
3. Arrange who will check the received statuses each working day.

Limits of application

For the covered obligors and the appropriate type of account.
