Reducing the amount of data in a business form · How to check this with an example?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Try to carry out the task without the optional field and determine the actual difference.

Checking by example

The GDPR requires that personal data be adequate, relevant and limited to what is necessary for the purpose of processing.

For each field, enter the reason and the context in which the data is used.

Working example · Reducing the amount of data in a business form

The request form for a quote also asks for date of birth. If only the contact address and job description are sufficient to prepare a quote, the entrepreneur questions the collection of dates and retention of earlier records.

Specific next steps

1. The GDPR requires that personal data be adequate, relevant and limited to what is necessary for the purpose of processing.
2. For each field, enter the reason and the context in which the data is used.
3. If a field is inherited without a justified purpose, reconsider its collection and storage.

Limits of application

For the processing of personal data in accordance with the principle of data minimisation.
