Insight into the company's publicly published reports · What to note?

For: limited liability company and limited company

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Keep the identity of the reporting entity, the year and the date of retrieval.

Record and working document

Compare at least two relevant periods if the review is part of a partner assessment.

A lack of results is not proof of inactivity. Check the coverage and status of the post.

Working example · Insight into the company's publicly available reports

The supplier offers an annual contract. The buyer checks the reports for the most recent available years, records the date of inspection and separately requests information on the supplier's ability to deliver today.

Specific next steps

1. Compare at least two relevant periods if the review is part of a partner assessment.
2. A lack of results is not proof of inactivity. Check the coverage and status of the post.
3. For a larger contract, also request more up-to-date information on delivery and billing reliability.

Limits of application

For records available through public inspection in the RGFI.
