Platform registration number after enrolment in JEER · What to record?

For: Platformski radnik kod poslodavca · Platformski rad preko vlastitog obrta

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Before verification, collect the entity's official name and the identifier available to you.

Record and working document

Check who the number refers to. The platform and its intermediary are not the same entity.

If the number cannot be linked to the contract name, ask the contracting party.

Working example · Platform registration number after enrolment in JEER

The application and the contract display different trade names. The courier requests the official name and registration details for the entity with which it intends to work.

Specific next steps

1. Check who the number refers to. The platform and its intermediary are not the same entity.
2. If the number cannot be linked to the contract name, ask the contracting party.
3. Save the date and the verification result before commencing the collaboration.

Limits of application

For the registration of platforms and aggregators in the JEER system.
