Weak sales form submission on mobile · How to check it with an example?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Have the test user submit the query without any further explanation.

Checking by example

Check that the form is completed with one thumb and on an actual mobile network.

Record the time until confirmation, the number of mandatory fields and the error messages.

Working example · Weak submission of a sales form on a mobile phone

Record the time until confirmation, the number of mandatory fields and the error messages. If the form requests unnecessary information, remove it and clarify the minimum required.

Specific next steps

1. Check that the form is completed with one thumb and on an actual mobile network.
2. Record the time until confirmation, the number of mandatory fields and the error messages.
3. If the form requests unnecessary information, remove it and clarify the minimum required.

Limits of application

Apply the guideline to your documents and working methods.
