# Monitoring the domestic threshold and traffic projections · How to approach?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

**Create separate columns for receipts and the income under specific tax audit.**

## A starting point in practice

Keep track of the reasons why a particular item is included or excluded.

Simulate two larger orders and check whether they can change the status check month.

## Working example · Monitoring the domestic threshold and traffic projections

Simulate two larger orders and check whether they can change the status check month.

## Specific next steps

1. Keep track of the reasons why a particular item is included or excluded.
2. Simulate two larger orders and check whether they can change the status check month.
3. Introduce an internal advance warning and a plan for changing the price list.

## Limits of application

For cross-border transactions, including status checks and special rules.
