Identity of the contracting party when working via an app · How to verify it using an example?

For: Platformski radnik kod poslodavca · Platformski rad preko vlastitog obrta

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Ask who arranges the shifts, pays the workers and confirms the handover of equipment.

Checking by example

Compare the application's name with the legal entity offered as an employer or business partner.

Keep the contract, the other party's official information and the contact details of the responsible person.

Working example · Contracting party identity when working via the application

Keep the contract, the other party's official details and the contact details of the responsible person. If the contract and the instructions differ, request a written explanation before activating the account.

Specific next steps

1. Compare the application's name with the legal entity offered as an employer or business partner.
2. Keep the contract, the other party's official information and the contact details of the responsible person.
3. If the contract and the instructions differ, request a written explanation before activating the account.

Limits of application

For platform work in Croatia, according to the contract and the actual working arrangements.
