One shift and multiple open applications · What to note?

For: Platform worker employed by a company

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Record overlaps and breaks, without double-counting in your own calculation.

Record and working document

Simulate a day with orders from various apps and check for overlaps.

If there are concurrent availability commitments, clarify the schedule before proceeding.

Working example · One shift and multiple open applications

Simulate a day with orders from various apps and check for overlaps.

Specific next steps

1. Simulate a day with orders from various apps and check for overlaps.
2. If there are concurrent availability commitments, clarify the schedule before proceeding.
3. Keep a single chronological record and export separately for each application.

Limits of application

For a Croatian employment relationship, in accordance with applicable regulations and the contract.
