Working during a SaaS application outage · How to access?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Define the minimum viable procedure that can operate even when the main service is unavailable.

A starting point in practice

Prepare the authorised local export, the necessary references and the responsible person.

Repeat a work task without the main system and then reconcile the records.

Working example · Working during a SaaS application outage

Repeat a work task without the main system and then reconcile the records.

Specific next steps

1. Prepare the authorised local export, the necessary references and the responsible person.
2. Repeat a work task without the main system and then reconcile the records.
3. Measure how long the business can really wait before initiating the backup procedure.

Limits of application

Apply the guideline to your documents and working methods.
