Selecting activities for two related services · How to approach it?

For: Paušalni obrt · Obrtnici · j.d.o.o. · d.o.o.

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Describe what the customer pays for each service, for example design and maintenance, then check the classification.

A starting point in practice

Prepare a description of each service and the corresponding activity code.

Check whether the service falls under a special regime by its actual content.

Working example · Selection of activities for two related services

Check whether the service falls under a special regime by its actual content.

Specific next steps

1. Prepare a description of each service and the corresponding activity code.
2. Check whether the service falls under a special regime by its actual content.
3. In the invoice template, use descriptions of the actual services, with a separate KPD check where applicable.

Limits of application

For procedures covered by the START system.
