Adaptation and reconfiguration of the layout in an existing flat · How to check this using an example?

For: Private accommodation host

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Check whether the planned new layout matches the data from the existing solution.

Checking by example

Draw the difference between the before and after, including the bearings, the bathroom and the utility rooms.

Retain the solution, the approved floor plan and a record of the date the change was implemented.

Case study · Adaptation and reconfiguration of the layout in an existing flat

Retain the solution, the approved floor plan and a record of the date the change was implemented. When the room's capacity or purpose is altered, contact the competent authority before publication.

Specific next steps

1. Draw the difference between the before and after, including the bearings, the bathroom and the utility rooms.
2. Retain the solution, the approved floor plan and a record of the date the change was implemented.
3. When the capacity or purpose of a room changes, contact the relevant authority before publishing.

Limits of application

For household activities, by type of establishment, status and location.
