Equipment check by type and accommodation category · What to record?

For: Private accommodation host

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Do a room-by-room inventory and note what's missing.

Record and working document

For each mandatory field, separate the validation of its existence from that of its correctness.

If the instructions for the apartment are not the same as those for the room, use the list for your property.

Working example · Equipment control by type and accommodation category

For each mandatory field, separate the validation of its existence from that of its correctness.

Specific next steps

1. For each mandatory field, separate the validation of its existence from that of its correctness.
2. If the instructions for the apartment are not the same as those for the room, use the list for your property.
3. Repeat the inspection before the season and after any major changes to the facility.

Limits of application

For household activities, by type of establishment, status and location.
