Equipment control by type and accommodation category · How to introduce the procedure into routine operations?

For: Private accommodation host

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

Repeat the inspection before the season and after any major changes to the facility.

Regular application

Do a room-by-room inventory and note what's missing.

For each mandatory field, separate the validation of its existence from that of its correctness.

Working example · Equipment control by type and accommodation category

For each mandatory field, separate the validation of its existence from that of its correctness.

Specific next steps

1. Do a room-by-room inventory and note what's missing.
2. For each mandatory field, separate the validation of its existence from that of its correctness.
3. If the instructions for the apartment are not the same as those for the room, use the list for your property.

Limits of application

For household activities, by type of establishment, status and location.
