Equipment check by type and accommodation category · What to do when the process stalls?

For: Private accommodation host

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

If the instructions for the apartment are not the same as those for the room, use the list for your property.

When a plan meets an obstacle

Review the current official list for that exact type and category of property.

Do a room-by-room inventory and note what's missing.

Working example · Equipment control by type and accommodation category

For each mandatory field, separate the validation of its existence from that of its correctness.

Specific next steps

1. Review the current official list for that exact type and category of property.
2. Do a room-by-room inventory and note what's missing.
3. Repeat the inspection before the season and after any major changes to the facility.

Limits of application

For household activities, by type of establishment, status and location.
