Equipment control by type and accommodation category · How to check this using an example?

For: Private accommodation host

Practical business guidance · Reviewed: 2026-11-22

Applicability: According to the profile and circumstances of the described case.

For each mandatory field, separate the validation of its existence from that of its correctness.

Checking by example

Review the current official list for that exact type and category of property.

Do a room-by-room inventory and note what's missing.

Working example · Equipment control by type and accommodation category

Carry out a room-by-room inventory and note what's missing. If the apartment's instructions differ from those for a room, use the list for your property.

Specific next steps

1. Review the current official list for that exact type and category of property.
2. Do a room-by-room inventory and note what's missing.
3. If the instructions for the apartment are not the same as those for the room, use the list for your property.

Limits of application

For household activities, by type of establishment, status and location.
